

### HATCHES & PORTLIGHTS

#### HATCHES

Manufactured from the highest quality materials, Lewmar hatches feature a unique integral seal that makes them completely leak-proof. They are rigorously tested for performance and designed for easy, one-piece installation. Friction levers hold your hatch open at any angle between 30° and 90° and allow 180° opening for easy access.

- Soft, fluid styling
- Comprehensive range
- Self supporting lids
- Unique seal system
- Simple maintenance
- Locking handles
- External access on larger hatches
- Hatch vent position
- Trim kits (optional extra) provide a clean finish to any installation
- Fully Guaranteed\*

\* Details available from your Aquafax representative.

#### TELESCOPIC STAY

Lewmar's Telescopic Stay features excellent lid positioning and rigid control. The stay allows hatch opening to around 90° – an advantage on smaller to mid size yachts where deck space is a premium.

- A** Outside handles allow the hatch to be opened from on deck if it is not locked.
- B** Anodised aluminium frame for corrosion resistance
- C** Curved upper frame for strength as well as modern styling.
- D** Unique seal system. The seal and acrylic are fitted into the frame to produce a stronger, more leak proof hatch.
- E** Friction levers hold the lid open in any position between 30° and 90° and allows 180° opening for easy access. It mechanically attaches the acrylic to the frame.

#### Maintenance

Acrylic or seal can be replaced by sliding the two halves of the frame apart. Look for this icon on relevant pages.

#### HATCH PROFILES

##### FLUSH HATCH

Made especially for boat builders preparing recessed hatch openings. The hatch fits seamlessly into a specially designed recess in the deck. The precision of the fit makes for a sleek, modern look and means no more stubbed toes for boat owners.

##### LOW PROFILE HATCH

The Low Profile hatch has soft styling and sleek looks. Smaller ventilation hatches are suitable for mounting on any sailboat deck location whilst larger hatches can be used as foredeck hatches on smaller yachts.

##### MEDIUM PROFILE HATCH

Utilising thicker acrylic and deeper frame sections, the Medium Profile hatch provides greater strength and durability whilst echoing the sleek styling of the Low Profile hatches. It is ideal as a foredeck hatch on larger offshore yachts.

##### OCEAN HATCH

The Ocean Hatch has classical styling and rugged construction for ultimate protection against the elements. Lewmar's Ocean hatches are fitted to thousands of boats throughout the world.
